Purpose of Application:

The subject property is zoned Special District 216 (S.D. 216) as illustrated on Schedule B7 to By-law No. 10-1996, as amended.

The Owners wish to construct a 14.68 m² addition (Proposed Addition #1), a 15.62 m² deck (Proposed Deck) and an 8.73 m² addition (Proposed Addition #2) to the rear of the existing 1 storey frame cottage. A single detached recreation dwelling is a permitted use in the (S.D. 216) Zone and must comply with Section 21.216.2 of By-law 10-1996, as amended. In particular, all provisions and regulations of the Island Residential Zone (IR) apply to any further development of the subject property, not shown on the Sketch prepared by Elliot and Parr (Peterborough) Ltd., Ontario Land Surveyor, Revised March 1, 2017. The proposed construction will exceed the maximum lot coverage requirement of 5% and Proposed Addition #2 will reduce the existing interior side yard setback of 6.9 metres.

The purpose of the minor variance is to increase the maximum lot coverage requirement for the primary structure from 5% to 6% and decrease the existing interior side yard setback from 6.9 metres to 5.4 metres to permit the proposed additions and deck. A site plan has been prepared by Kawartha Lakes Construction, based on the sketch prepared by Elliott and Parr (Peterborough) Ltd., dated October 27, 2022 which illustrates the proposed additions.
