

## Notice of Public Information Centre 2

Transportation Master Plan (TMP), Lakefield Area Road Network, Lakefield, ON

### Study Overview:

Peterborough County (County) is undertaking a Transportation Master Plan (TMP) Study for the Lakefield Area Road Network. This study will assess transportation infrastructure needs and deficiencies and identify the infrastructure improvements required to accommodate growth in the community of Lakefield. As part of this study, the County is also exploring the potential location for a second crossing of the Otonabee River, as recommended in the 2022 TMP Update. If justified, the findings of this study will recommend a corridor to protect to support longer-term planning. Please refer to approximate study area limits shown on the key plan.

### Study Process:

This study is being undertaken in accordance with Approach #1 of the Master Planning Process, as outlined in Section A.2.7 of the Municipal Class Environmental Assessment (MCEA) document (2024). As such, the TMP for the Lakefield area will generally address Phases 1 and 2 of the MCEA process.

### Study Consultation:

As part of this study, a comprehensive consultation process is being undertaken to gather comments from the public, community stakeholders, Indigenous communities, and agencies. The first Public Information Centre (PIC) for this study was held on October 28, 2025, to present and gather feedback on the study background and existing conditions, alternative solutions, preliminary potential locations for a second crossing of the Otonabee River, and to present the next steps in the study process.

The second PIC has been arranged to share the feedback received at and following PIC 1 and to present and gather feedback on the findings of technical and environmental reviews, recommended road network improvements, evaluation of alternative Otonabee River crossing alignments, conceptual design of a second crossing, and next steps in the study process. Members of the study team will be present to discuss the study with you and answer any questions you may have.

The PIC has been scheduled as follows:

**Date:** Wednesday, May 27, 2026

**Location:** Lakefield-Smith Community Centre, 20 Concession Street, Lakefield

**Time:** 4:30 PM to 6:30 PM (Drop In only)

**A copy of the information to be displayed at the in-person event will be available for review and comment on the study webpage [ENGAGE Ptbo County](#) on Wednesday, May 20<sup>th</sup>.** Please also visit the website for more information about the study or to sign up for study updates using the QR Code below:
